

## WGU TEXAS RESOURCES

1. **WGU Academy-** <https://academy.wgu.edu/>

As part of WGU's mission to expand access and improve outcomes in higher education, Academy will prepare students who would otherwise not be admitted to WGU and provides a path to admission into WGU after successful completion of the program.

Academy's two-pronged approach to helping students – focusing on academic coursework *and* non-cognitive personal skills, such as confidence and learning skills – will better prepare them to succeed at WGU when they finish at WGU Academy. But our goals [extend far beyond WGU's reach](#). Academy will leverage WGU's student-obsessed and innovative approaches, but operate as a stand-alone entity – partnering with other institutions, states, foundations, and employers to impact the college-readiness landscape on a large scale.

The launch of WGU Academy was made possible through the amazing effort of a dedicated group of individuals. We expect to constantly evolve our offerings and look forward to keeping you updated on our progress. If you know anyone who would be a good fit for Academy, please share <https://academy.wgu.edu/> with them for more information on enrollment.

Have questions? Please visit the website or our [FAQ page on the Intranet](#), and email [academy@wgu.edu](mailto:academy@wgu.edu) if you need additional information.

2. **Admissions-** See top 3 links: <https://www.wgu.edu/admissions.html>: *This link takes the student to the entire Admissions process to include transfers, all 4 Colleges, Enrollment, Student Experience, etc.*
